

**REMARKS**

Claims 11-25 are to be cancelled without prejudice in light of their consideration in a continuing application. With this amendment, Claims 1-10 remain as originally published, before amendments were made to the International Application. Therefore, upon entry of this preliminary amendment, this application will contain claims 1-10 pending and under consideration. Entry of the above amendment prior to the examination of this application and passage of this application to issuance are respectfully requested. Applicants submit with the application that accompanies this preliminary amendment a check in payment of the statutory fee that is based upon the status of the claims after entry of this amendment. Applicants respectfully request consideration of this application and preliminary amendment, and passage of this application to allowance.

Respectfully submitted,
